

Dear Hawks Supporter,

We are excited to kick-off our 2011 fundraising efforts for the 3rd Annual Hawk Sports Camp! Our camp would not be successful without the support of Canyon Lake businesses, friends and our fantastic volunteers. We ask that you please consider financially supporting our organization which will allow our camps to continue to grow and become an annual Canyon Lake community event. It is also important that HSC in turn continues to support our area businesses with our patronage by helping make families aware of the services provided locally.

Our HISTORY

HSC was founded in 2009 by a group of local parents in the Canyon Lake Hawk community with a vision of bringing together the Hawk community through youth sports.

Our GOALS

HSC is a support arm for Canyon Lake Hawk youth activities. We want to build a closer Hawk community by emphasizing academics and sports while building Hawk pride within our families and community.

Our PHILOSOPHY

It is HSC's philosophy that involved kids means involved families. Keeping our kids active during the summer months is a challenge for any parent and we hope to offer an accessible, affordable, fun experience for the kids.
